AMENIDADES DE HOTEL

*Mar de Agave is the result of the
endless love we have for Mexico,
our beaches and culture.*

Mexican Agave is one of the symbols of our culture, traditions and customs. They belong to the group of plants that represent us, with which we make Tequila and Mezcal, two of the most iconic drinks that characterizes Mexicans.

Through Mar de Agave we have created a new product category using Mexican Agave and tropical fruits as our base to bring the maximum benefits of the agave and coconut oil on the skin, which have demonstrated to help increment the collagen synthesis that provides elasticity and structure to the skin. Thus creating an effective moisturizing and anti-aging effect.

Mar de Agave skincare is a 100% natural Mexican brand; mixing coconut and agave honey to hydrate your skin in a way that will take you back to those perfect beach days of glowy, soft skin.
